Professional Summary

Junior Frontend Developer passionate about building responsive, user-friendly web applications. Skilled in translating ideas into clean, efficient, and maintainable code. Eager to learn new technologies and contribute to meaningful projects while continuously growing as a developer.

Skills

Languages:

JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries:

React, Tailwind CSS, Framer Motion

Tools & Platforms:

Git & GitHub, Vercel, Netlify, Visual Studio Code, Chrome DevTools, npm / Node.js

Design & Frontend Principles:

Responsive Web Design, Accessibility (a11y), UI/UX Fundamentals, Figma

Soft Skills:

Attention to Detail, Problem-Solving, Collaboration, Adaptability, Time Management.

Projects

🧠 Quizzical (React)

- Built a dynamic quiz application using React.
- Implemented state management for interactive question handling.
- Focused on responsive design and a user-friendly interface.

Tech Stack: React, CSS3, JavaScript (ES6)

Animated Password Generator

- Built a dynamic password generator featuring smooth animations and interactive controls.
 - Enables users to generate secure, randomized passwords and effortlessly copy them to the clipboard.
 - Optimized responsiveness and clarity on both desktop and mobile with clean UI styling.
Tech Stack: HTML5, CSS3, JavaScript (ES6+).
-

JavaScript Counter App

- Created a simple counter app — my first coding project.
 - Added increment and save functionality with instant UI updates.
 - Implemented clean custom CSS styling for readability.
Tech Stack: HTML5, CSS3, JavaScript (ES6).
-

Old Fashioned Product Card

- Designed a responsive product card for an Old Fashioned cocktail.
 - Showcased modern frontend practices with custom typography, gradients, and hover animations.
 - Focused on accessibility and layout consistency using Tailwind CSS.
Tech Stack: HTML5, Tailwind CSS, Google Fonts, SVG icons.
-

Miss Mants (React – Live Website)

- Built a fully responsive artist website for the electronic music brand *Miss Mants*, featuring live show listings, music streaming links, and a contact/booking form.
- Developed using **React** for a dynamic, component-based user interface with smooth navigation and real-time updates.
- Integrated social media and streaming platforms to enhance user engagement.
- Focused on clean music-brand visuals, mobile-first design, and optimized performance for audio-heavy content.
Tech Stack: React, Tailwind CSS, JavaScript (ES6+), Vite, GitHub Pages, Framer Motion.

Quote Generator

- Developed a random quote generator that displays a new inspirational quote with each click.
- Focused on smooth interactivity, clean typography, and a minimal, modern design.
- Implemented dynamic DOM updates and reusable functions for generating and displaying quotes.

Tech Stack: HTML5, CSS3, JavaScript (ES6).

Chores List

- Developed a task-management app that allows users to add, track, and remove chores in an intuitive list interface.
- Implemented dynamic updates so tasks appear and update instantly as users interact with the list.
- Designed with a focus on usability and responsive layout for both mobile and desktop.

Tech Stack: HTML5, CSS3, JavaScript (ES6+).

CSS Is Fun

- Created a collection of CSS-driven animations and UI snippets to explore creative web styling and interactivity.
- Built responsive layouts featuring hover effects, transitions, and custom typography for a visually engaging experience.

Tech Stack: HTML5, CSS3, JavaScript (ES6+).

Certifications

The Frontend Developer Career Path – Scrimba (2025)

The Fullstack Developer Path – Scrimba (2025)

Learn Python, Learn TypeScript, Learn React, Advanced React, Learn JavaScript, Learn HTML & CSS, Learn Flexbox, Learn Accessible Web Design, Learn Node.js, Learn RAG, Build a Product Card with Tailwind CSS, Next.js, Command Line Basics, Intro to SQL, Intro to AI Engineering, Intro to Supabase, Intro to UI Design Fundamentals, Intro to Vite, Prompt Engineering for Web Developers – Scrimba (2025)

Additional Information

- Strong interest in learning and mastering new technologies.
- Continuously improving coding skills and professional growth.
- Enjoys collaborating in team environments and contributing to meaningful, real-world projects.
- Effective team collaborator with a focus on delivering high-quality results.
